# сърце ТАНГРАМ

1. Изрежете всички части на сърцето по контура.
2. Съберете сърцето, да не пропускате част, не да изпускате част от фигурите.

Name: \_\_\_\_\_

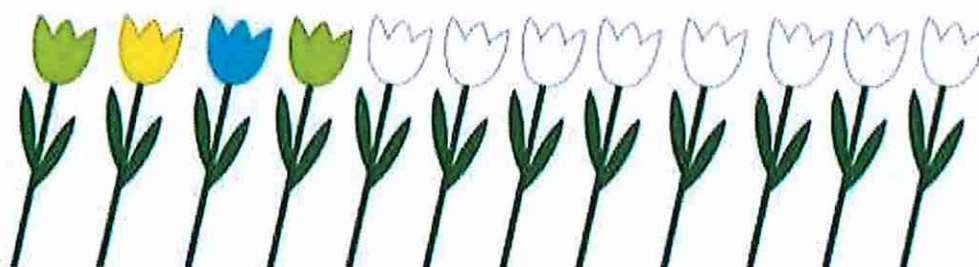

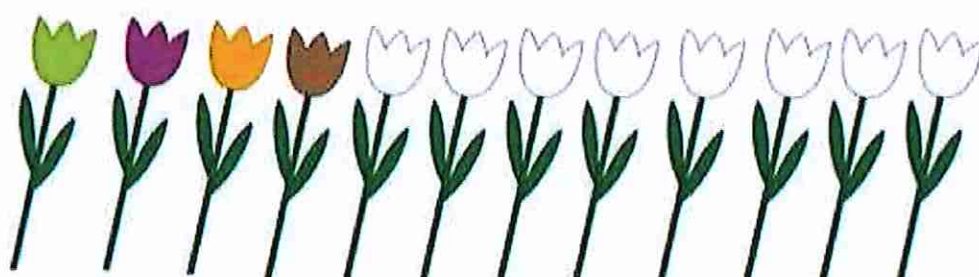

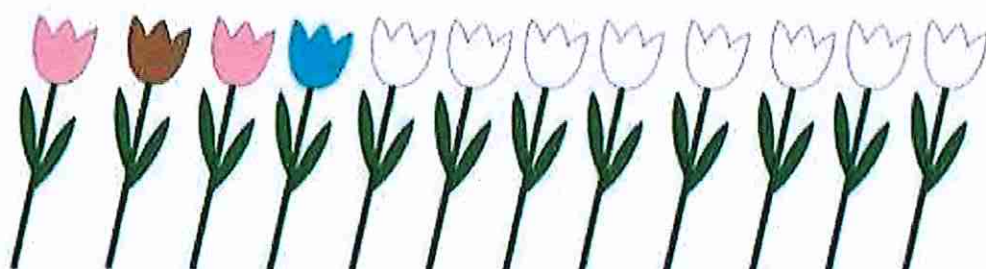

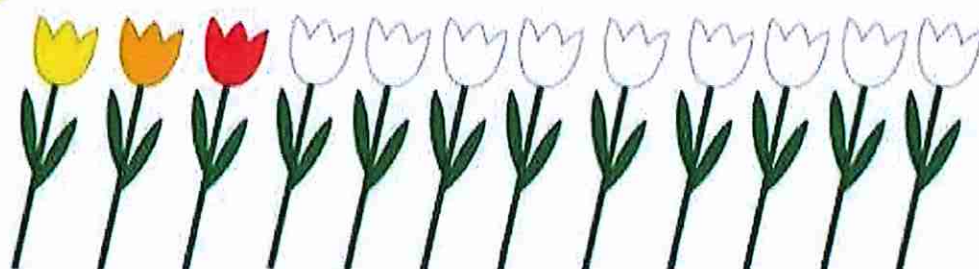

**Maak dit hartje af: kleur de vakjes**

Welke kleur moeten de tulpen zijn, kijk goed naar het voorbeeld

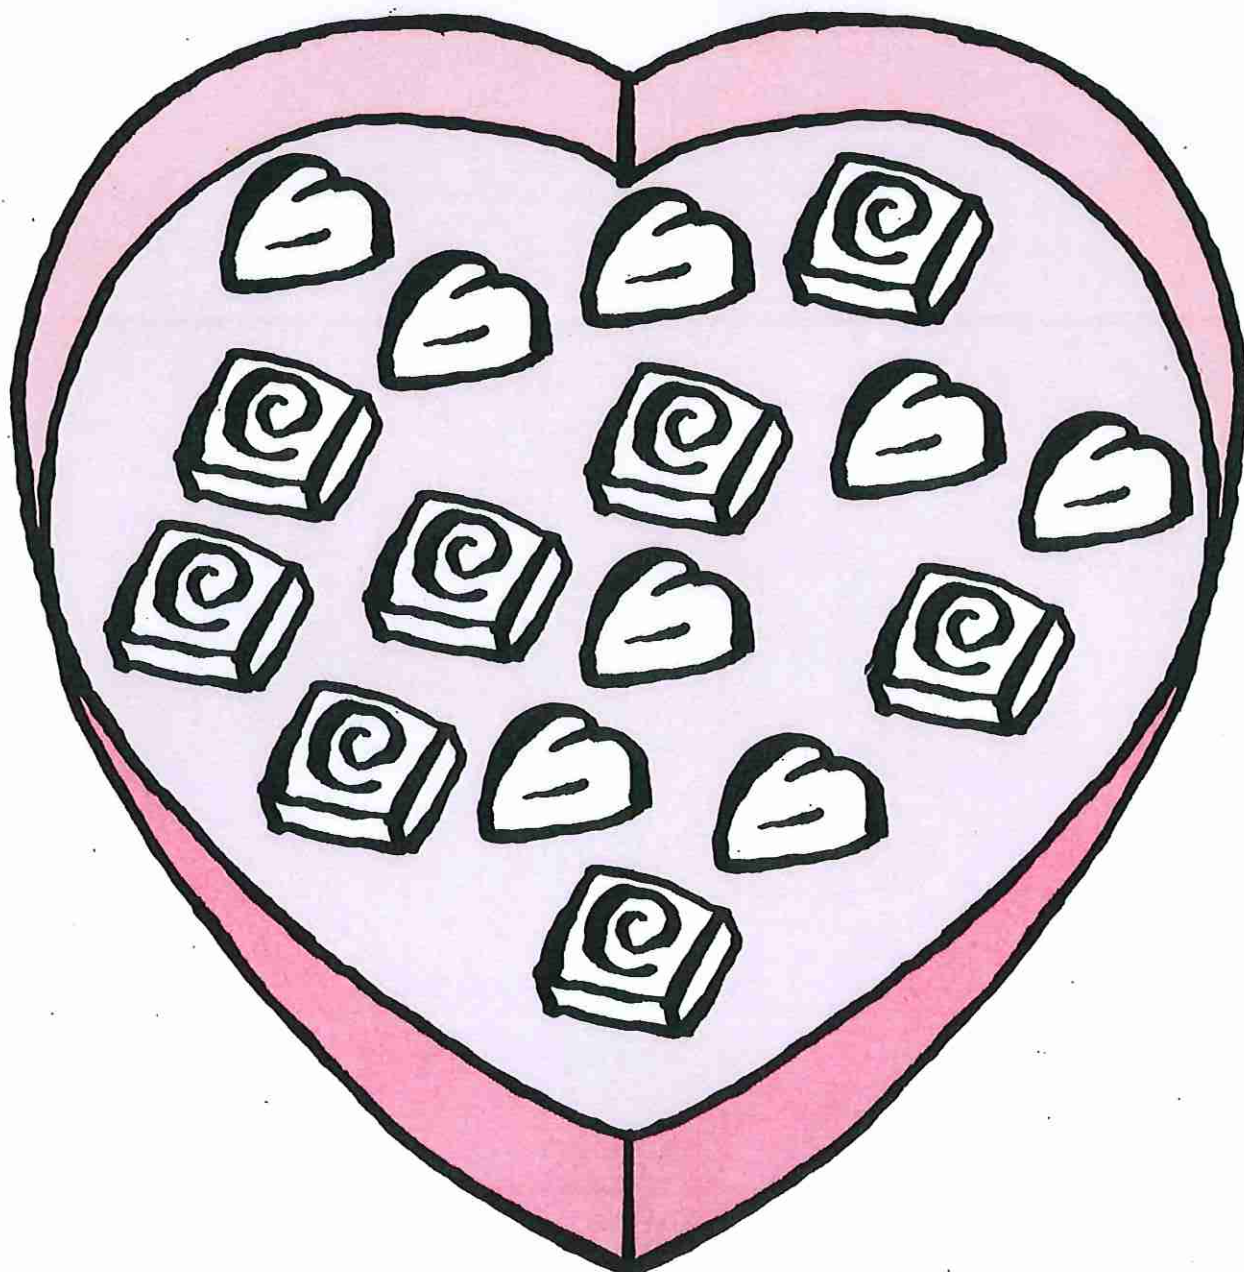

# Pralines tellen

Kijk goed naar het rooster.  
Hoeveel chocolaatjes in de doos mag je  
lichtbruin kleuren? Kleur ze.  
Doe hetzelfde voor de 2 andere kleuren in  
het rooster.

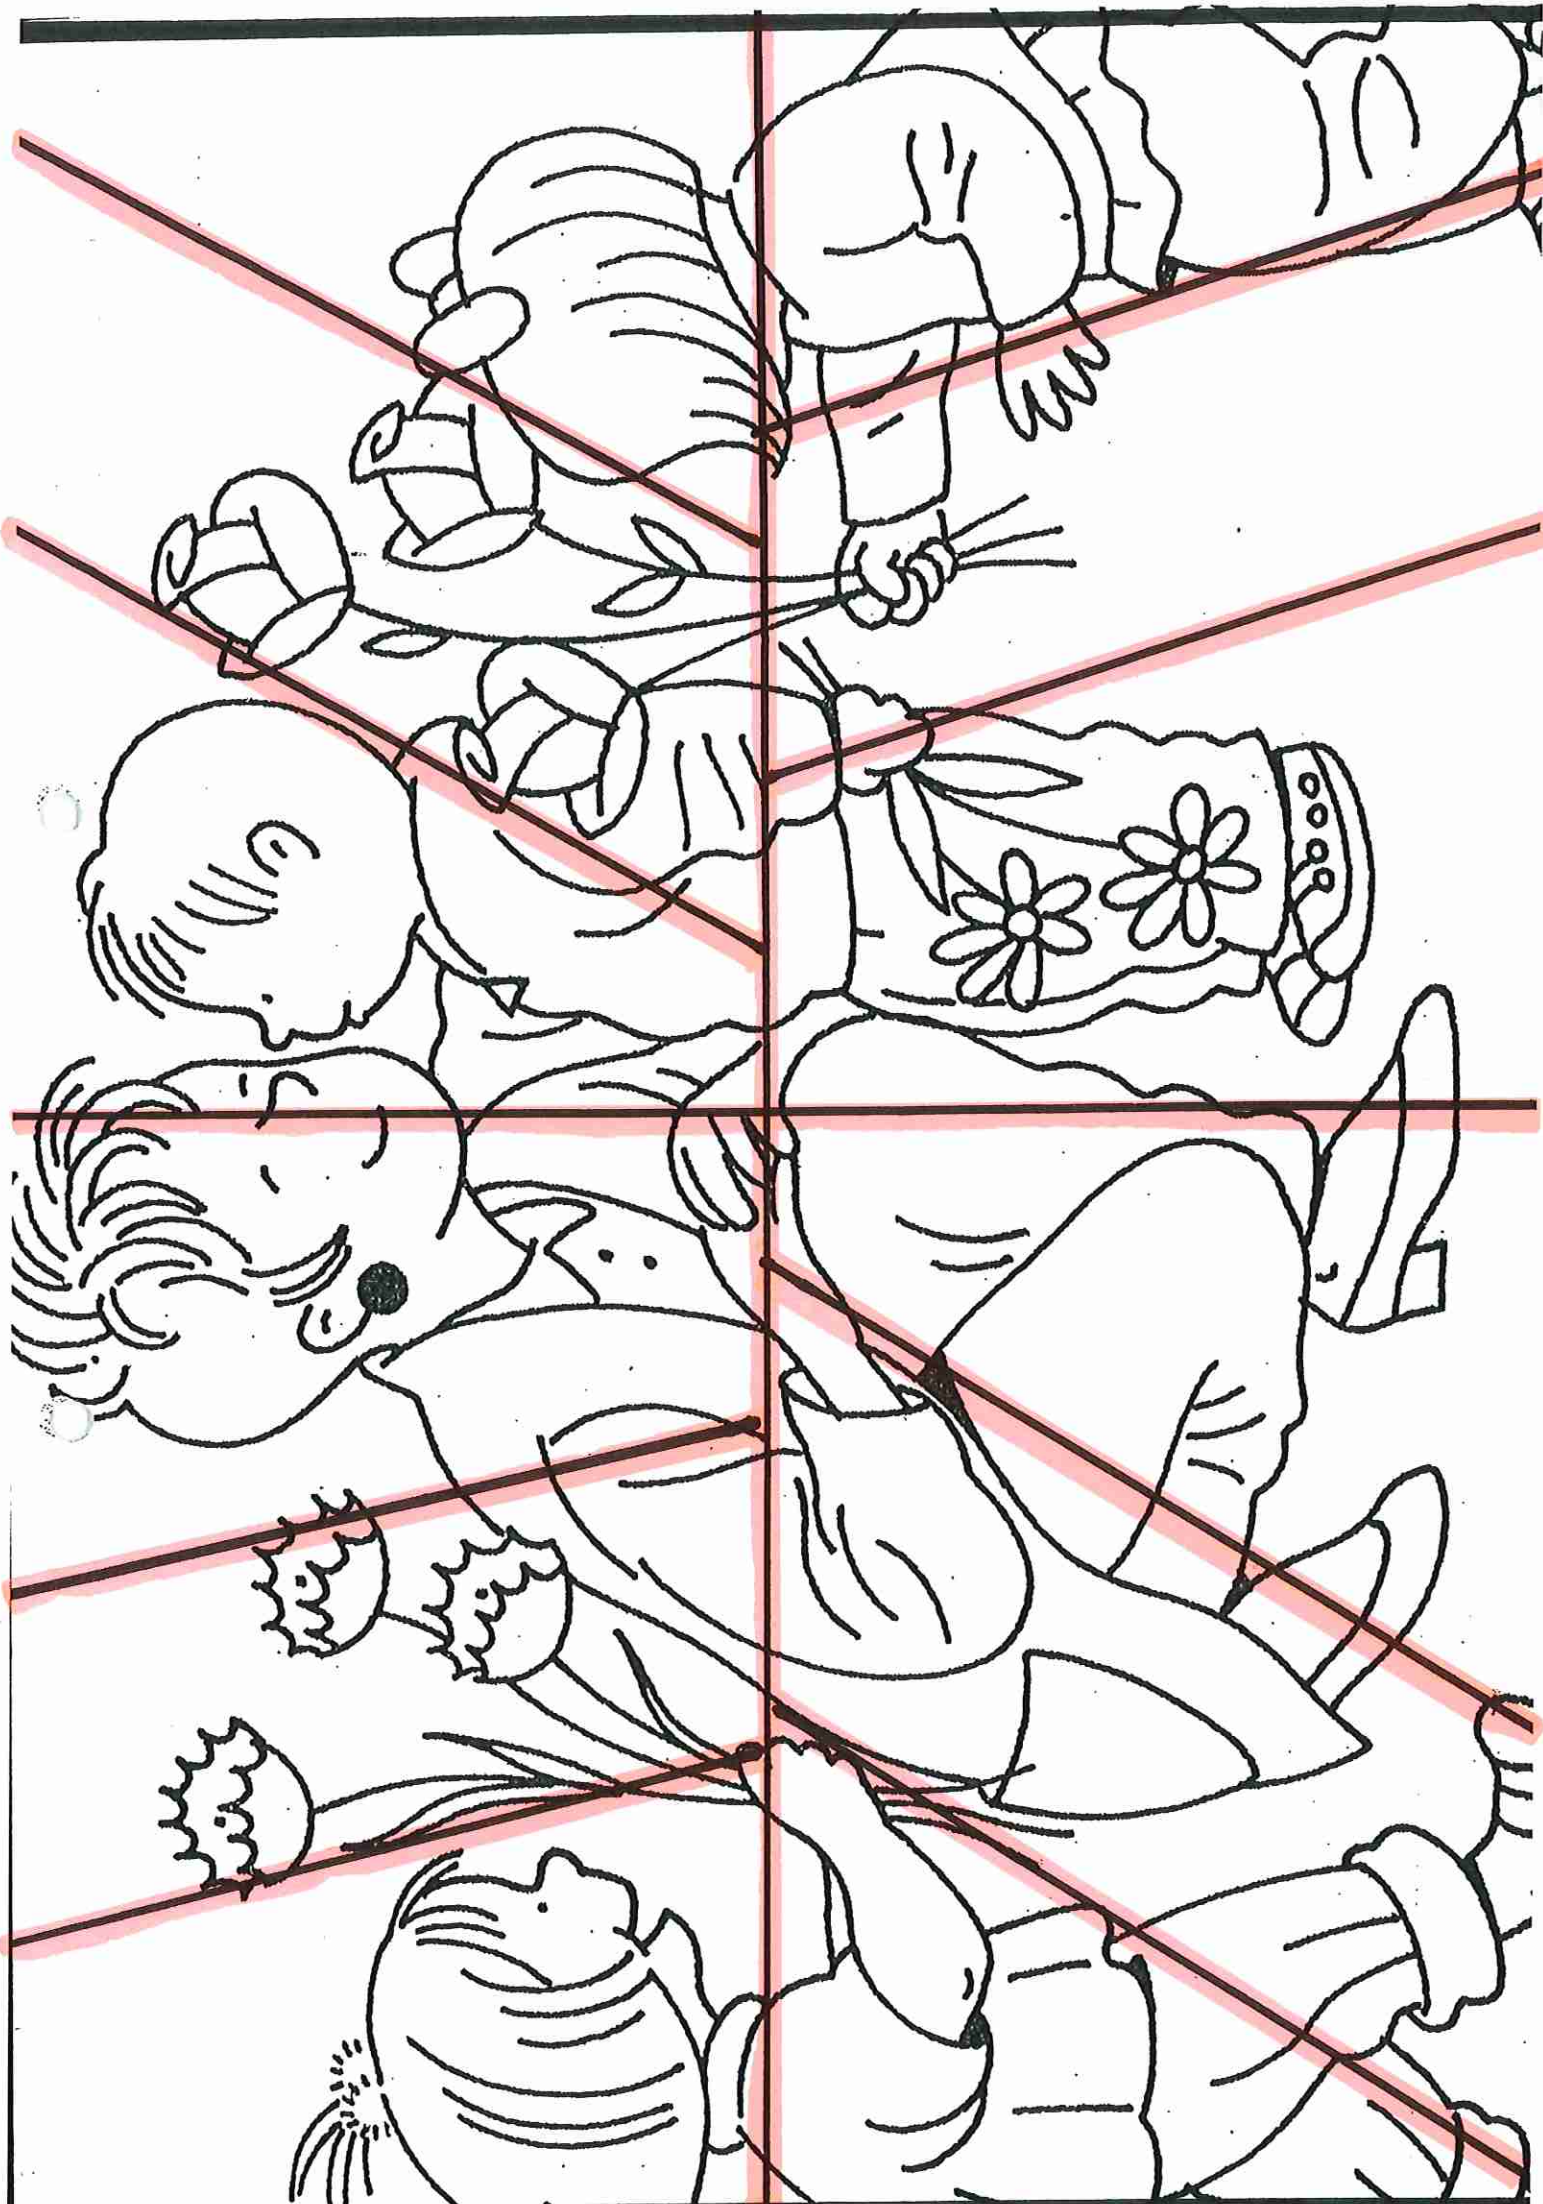

14

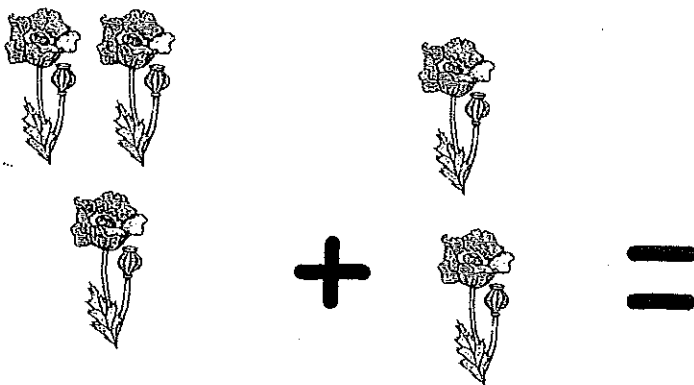

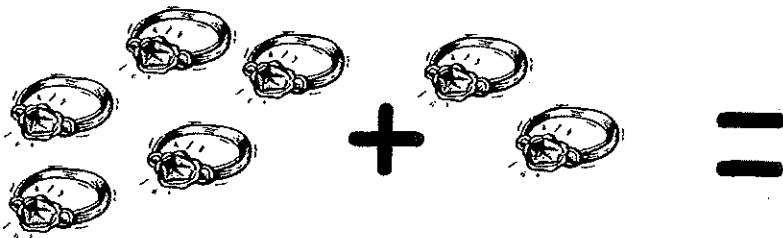

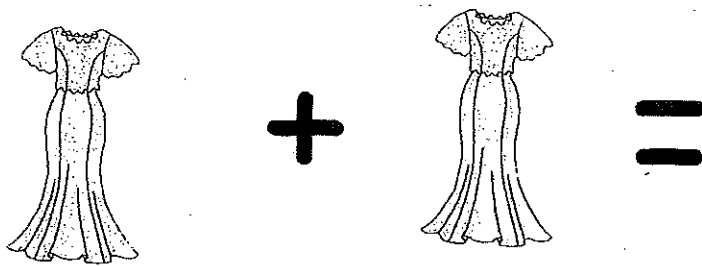

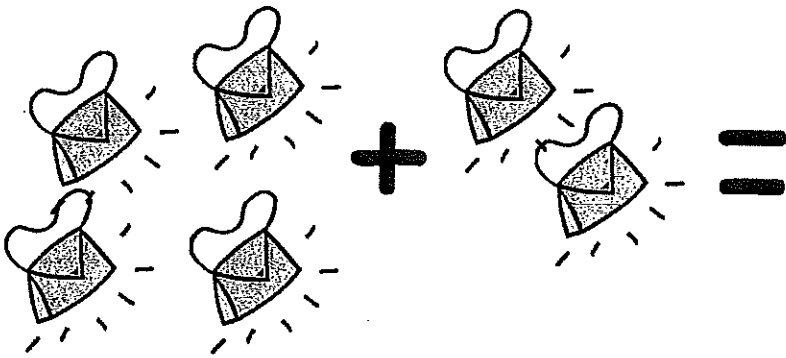

|  |  |  |  |
|--|--|--|--|
|  |  |  |  |
|  |  |  |  |
|  |  |  |  |

Tel de volgende dingen bij elkaar.

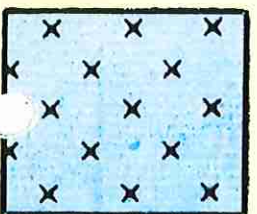

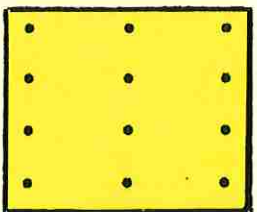

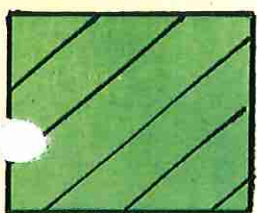

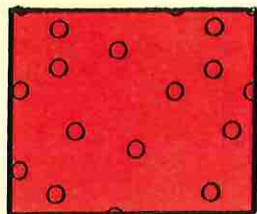

# Een hartje voor mama, een zonnetje voor papa

KNUTSELEN

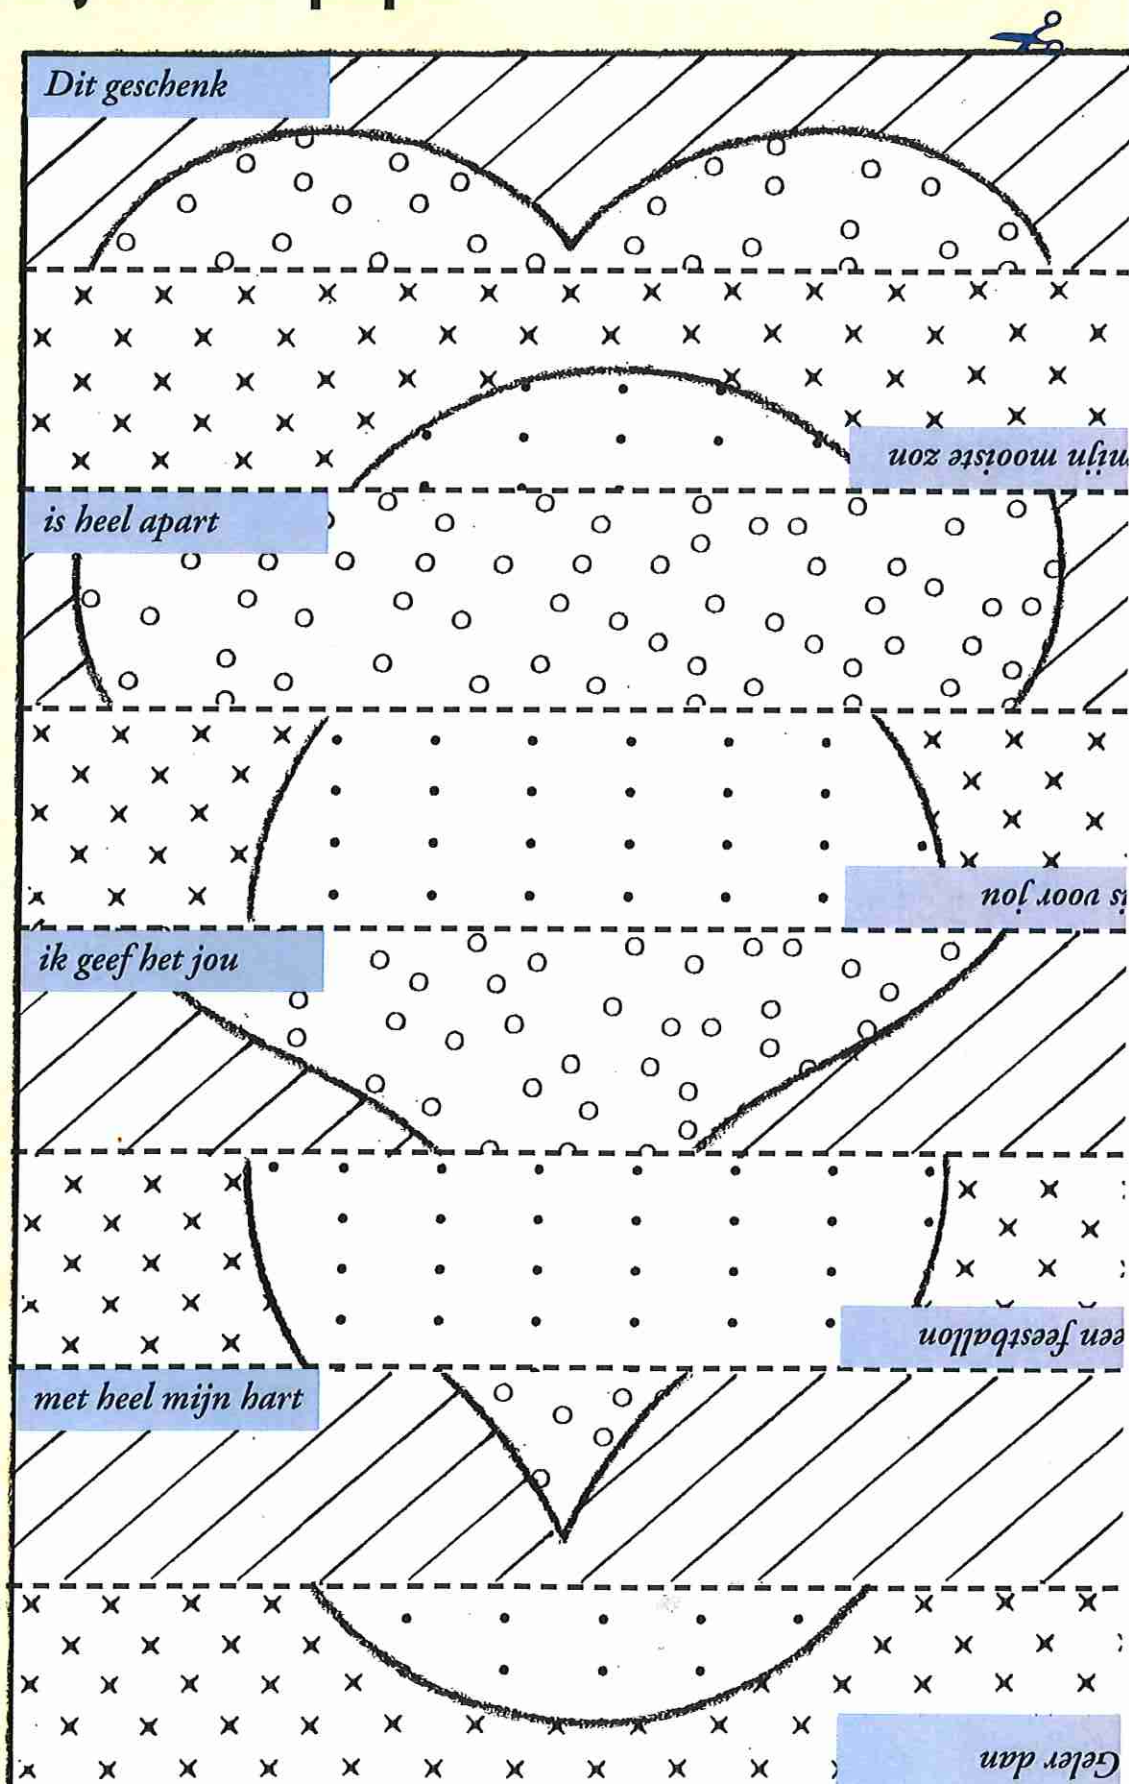

13

tekst Jan van Coillie • ill. David Merveille

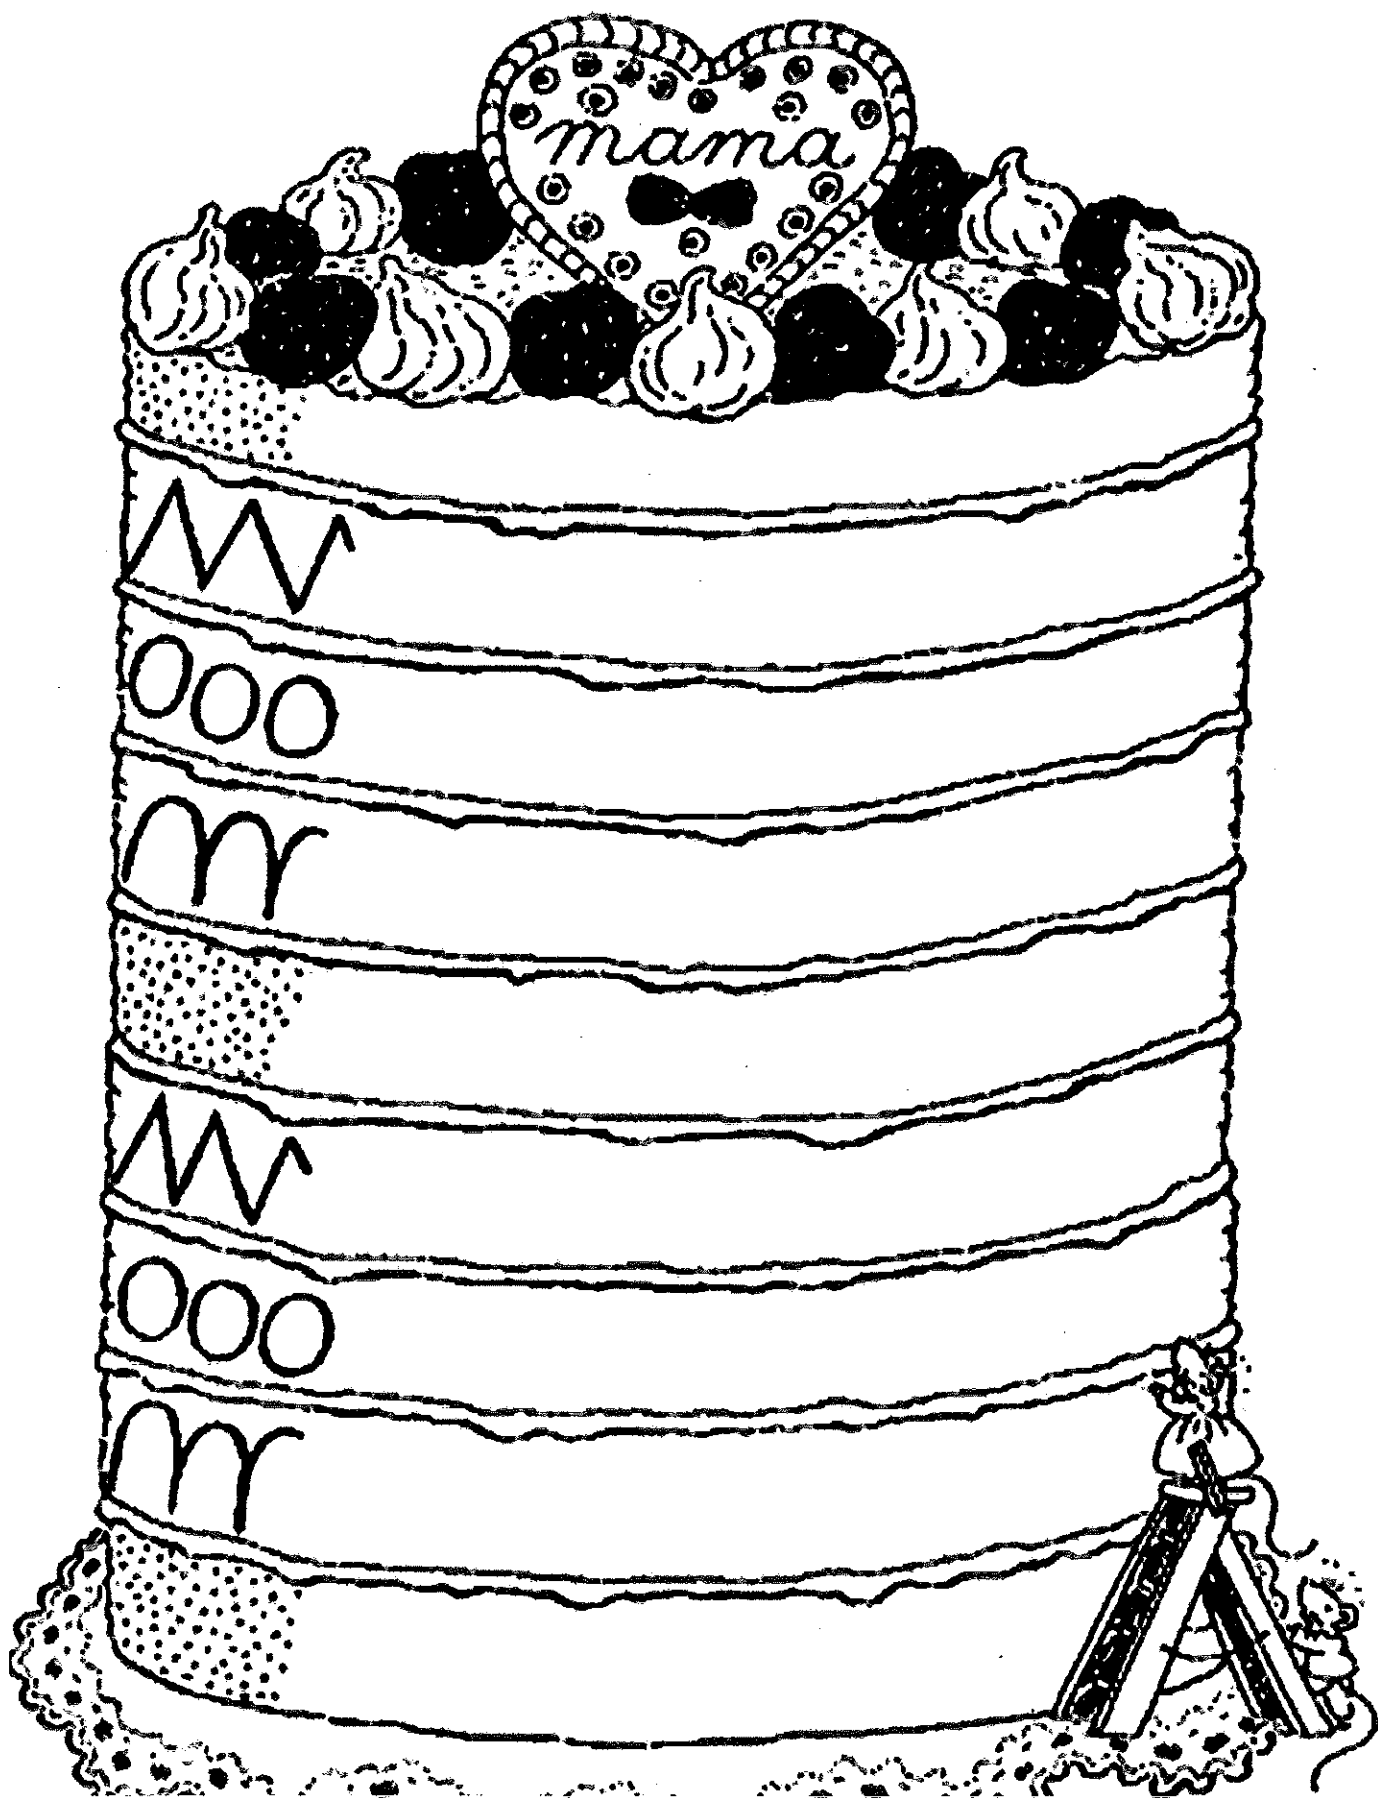

Kleur de kaart  
zoals de vakjes  
aan de zijkant je  
laten zien.

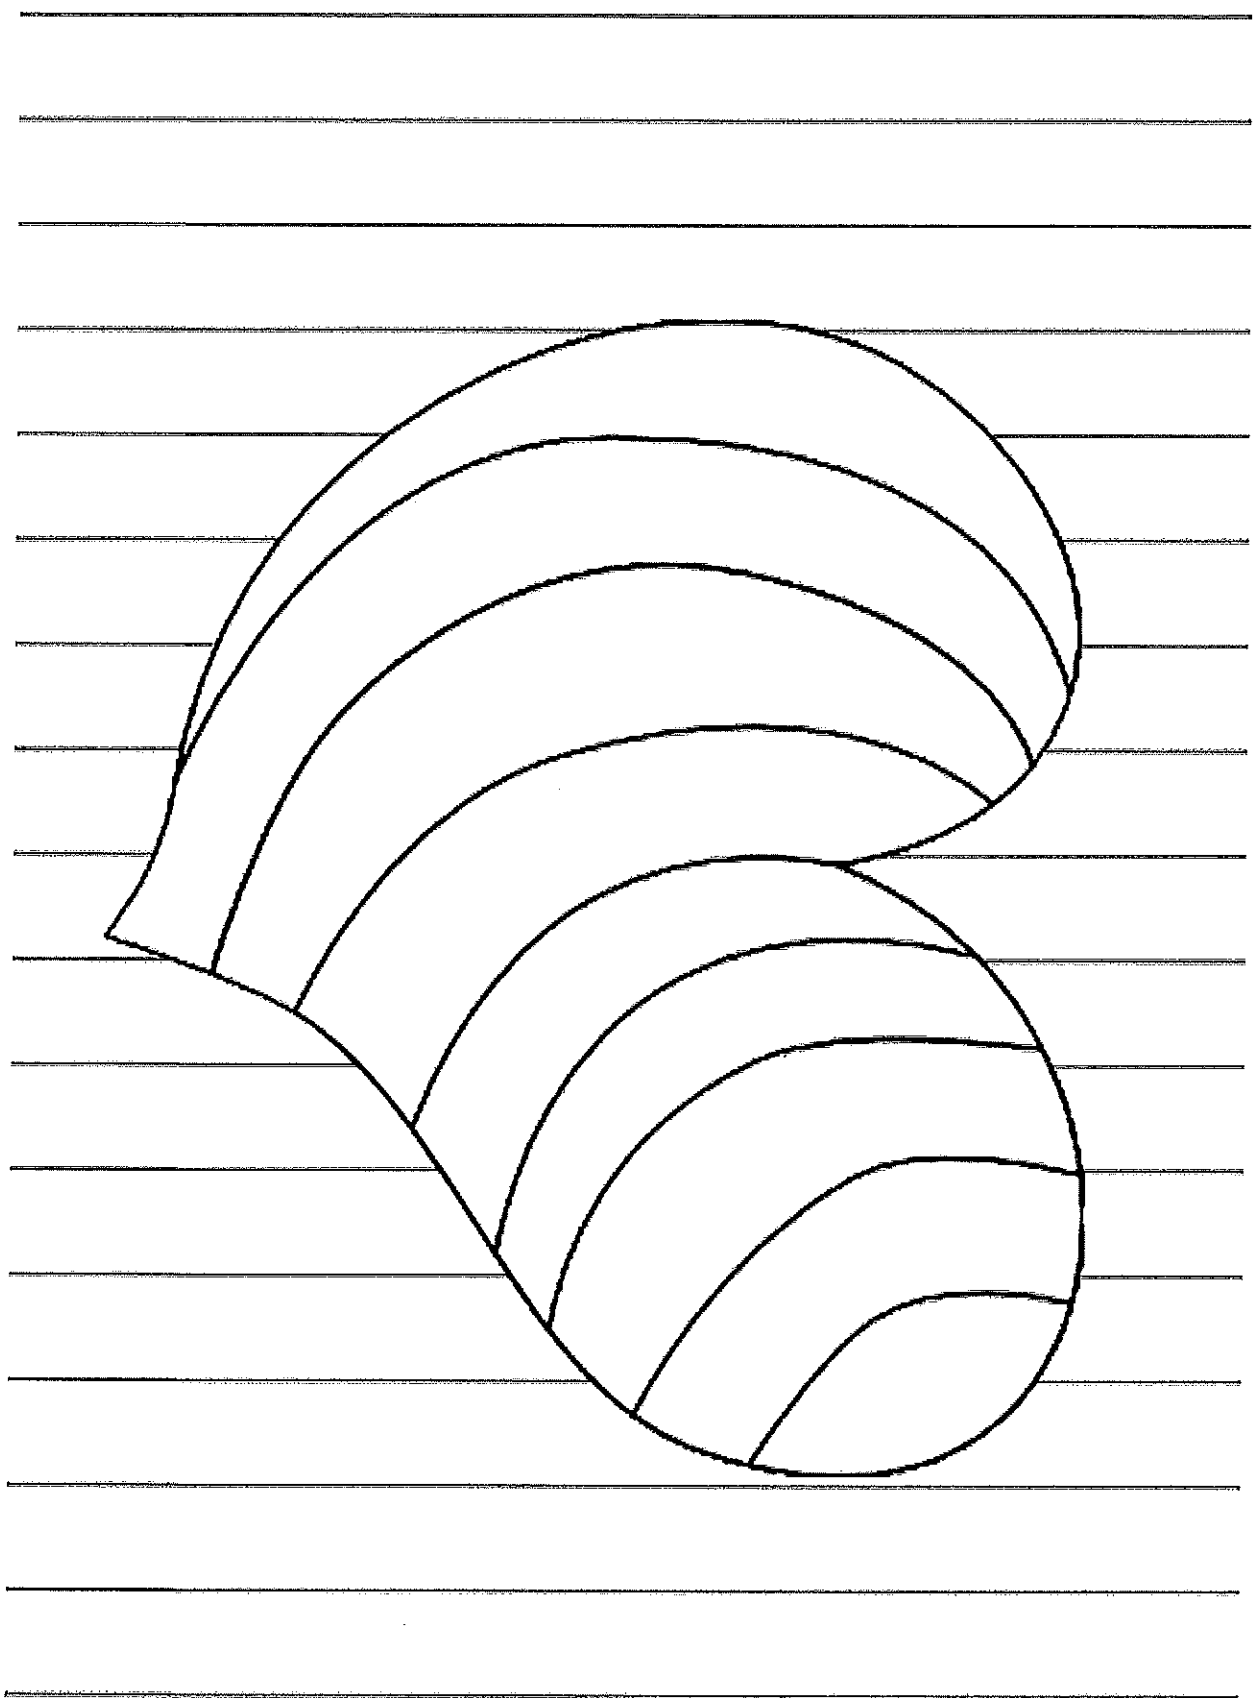

# Moederdag

Maak de versiering van de taart af.

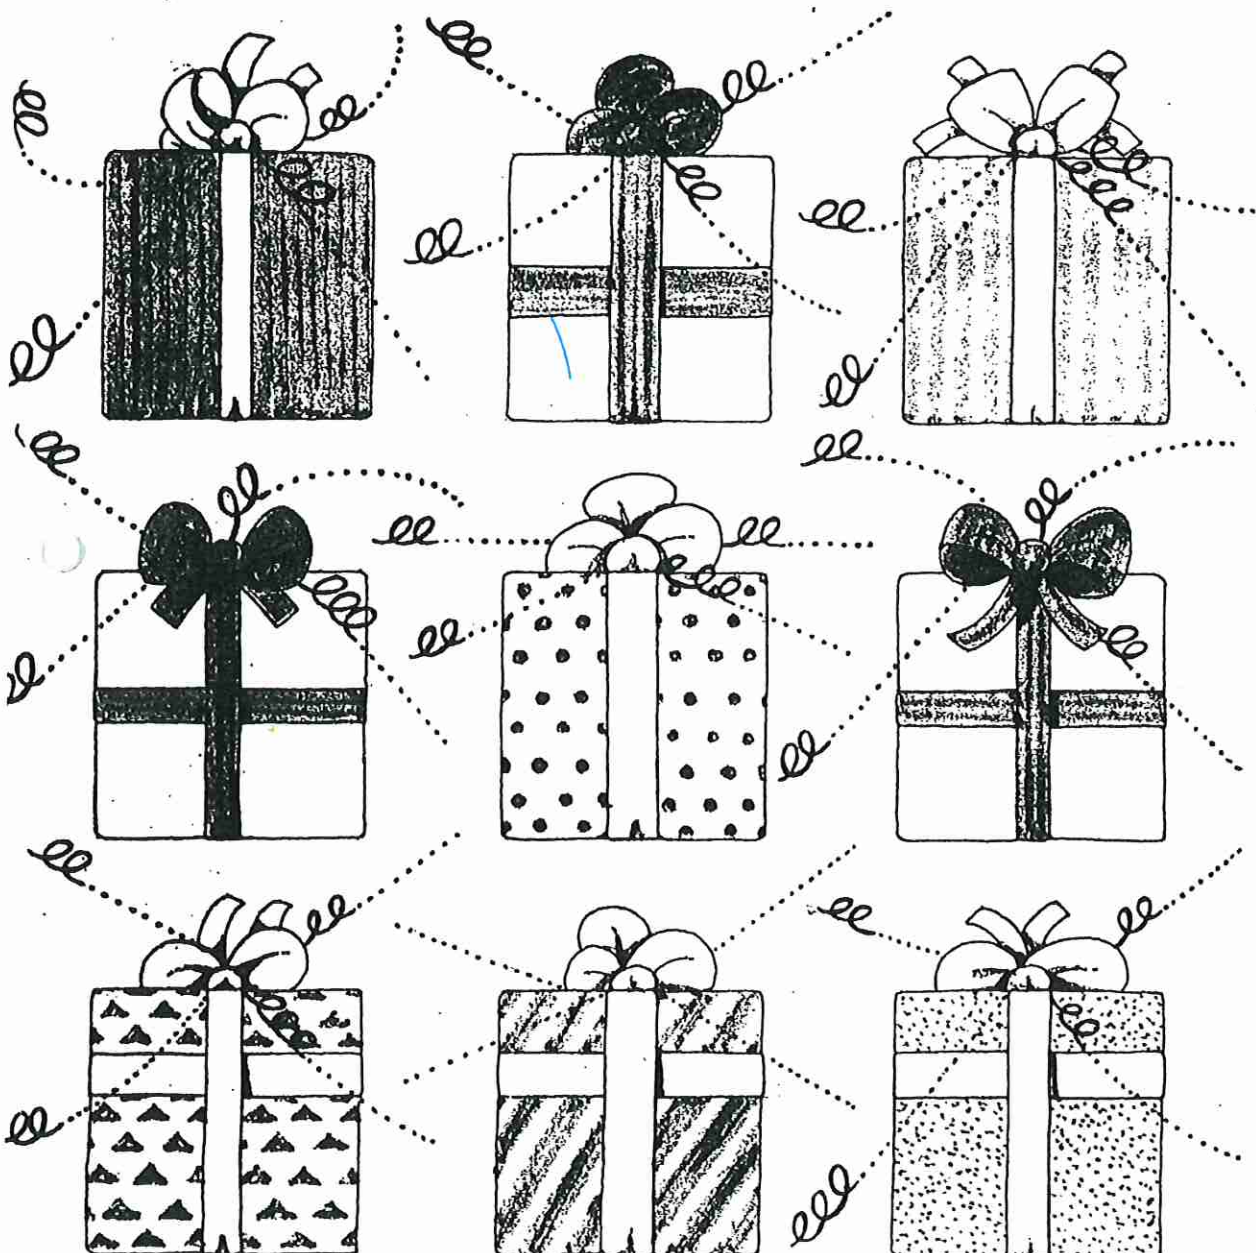

# ontluikend schrijven : „Geschenkjes voor mama”

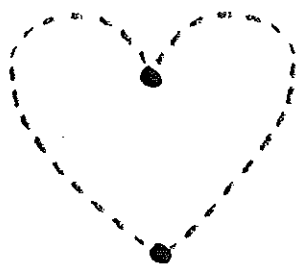

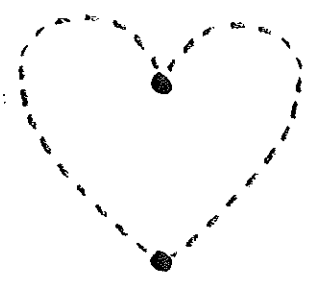

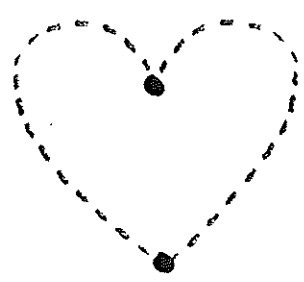

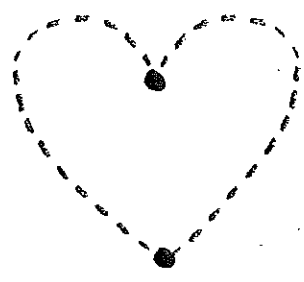

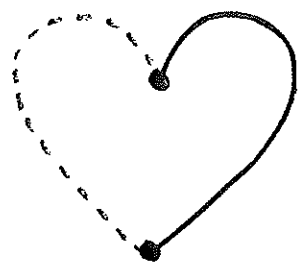

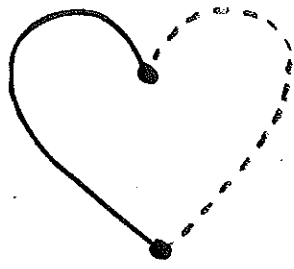

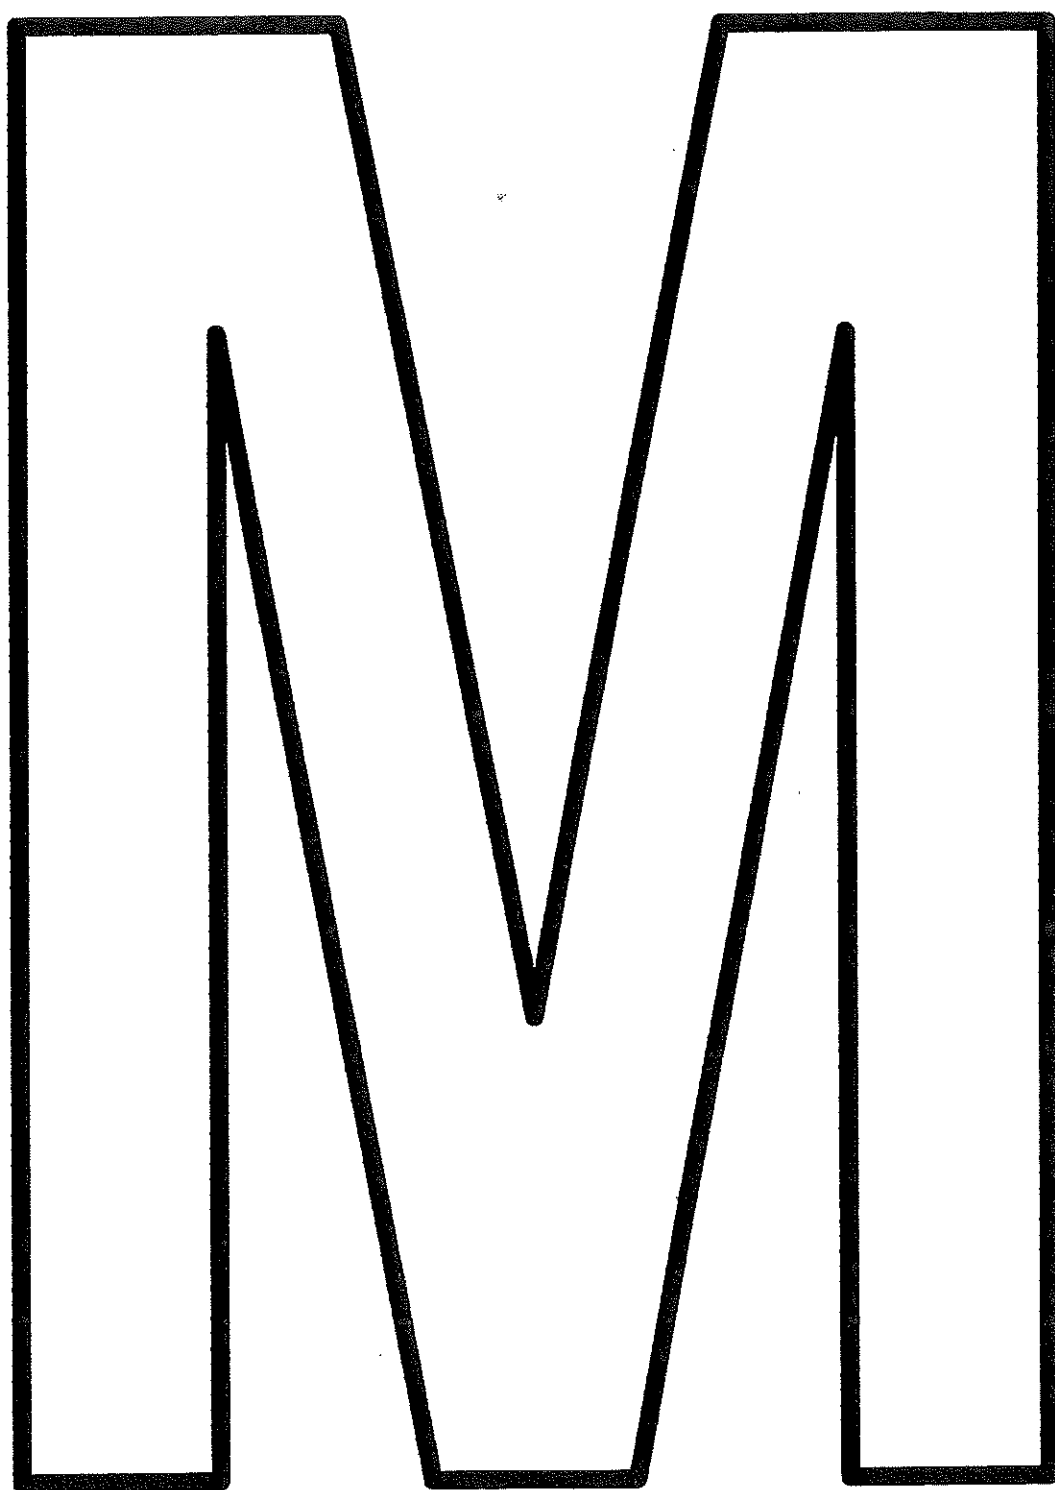

## RINGEL- RINGELPING

Zulke mooie pakjes hebben mama en papa nog nooit gezien. En jij kunt ze nog mooier maken. Met je potlood geef je de linten flinke krullen. Zing ondertussen 'ringelringelping', iedere keer als je twee lussen tekent.

# VOORBEREIDEND SCHRIJVEN

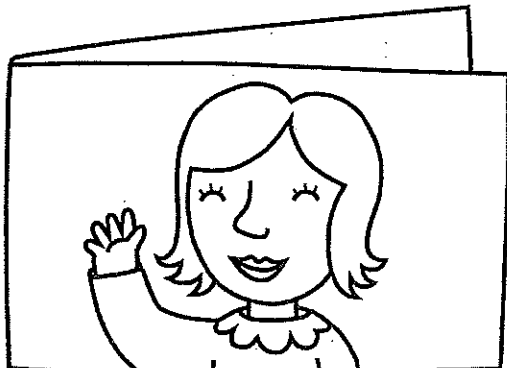

## LIEVE WOORDJES

Tobias schrijft kaartjes voor moederdag. Help jij hem? Kijk goed naar het eerste woord. Schrijf de letters in de vakjes eronder. Werk zo verder. Kleur dan alles in.

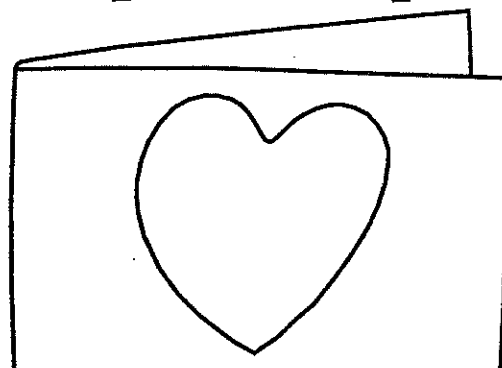

# MAMA

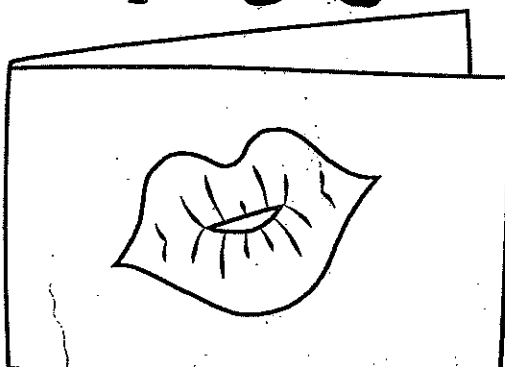

|  |  |  |  |

Woorden herkennen.

Bij deze tekening bovenaan zie je een woord. Ken je dat woord? Zoek hetzelfde woord tussen de andere woorden die onderaan staan.

mama

mama

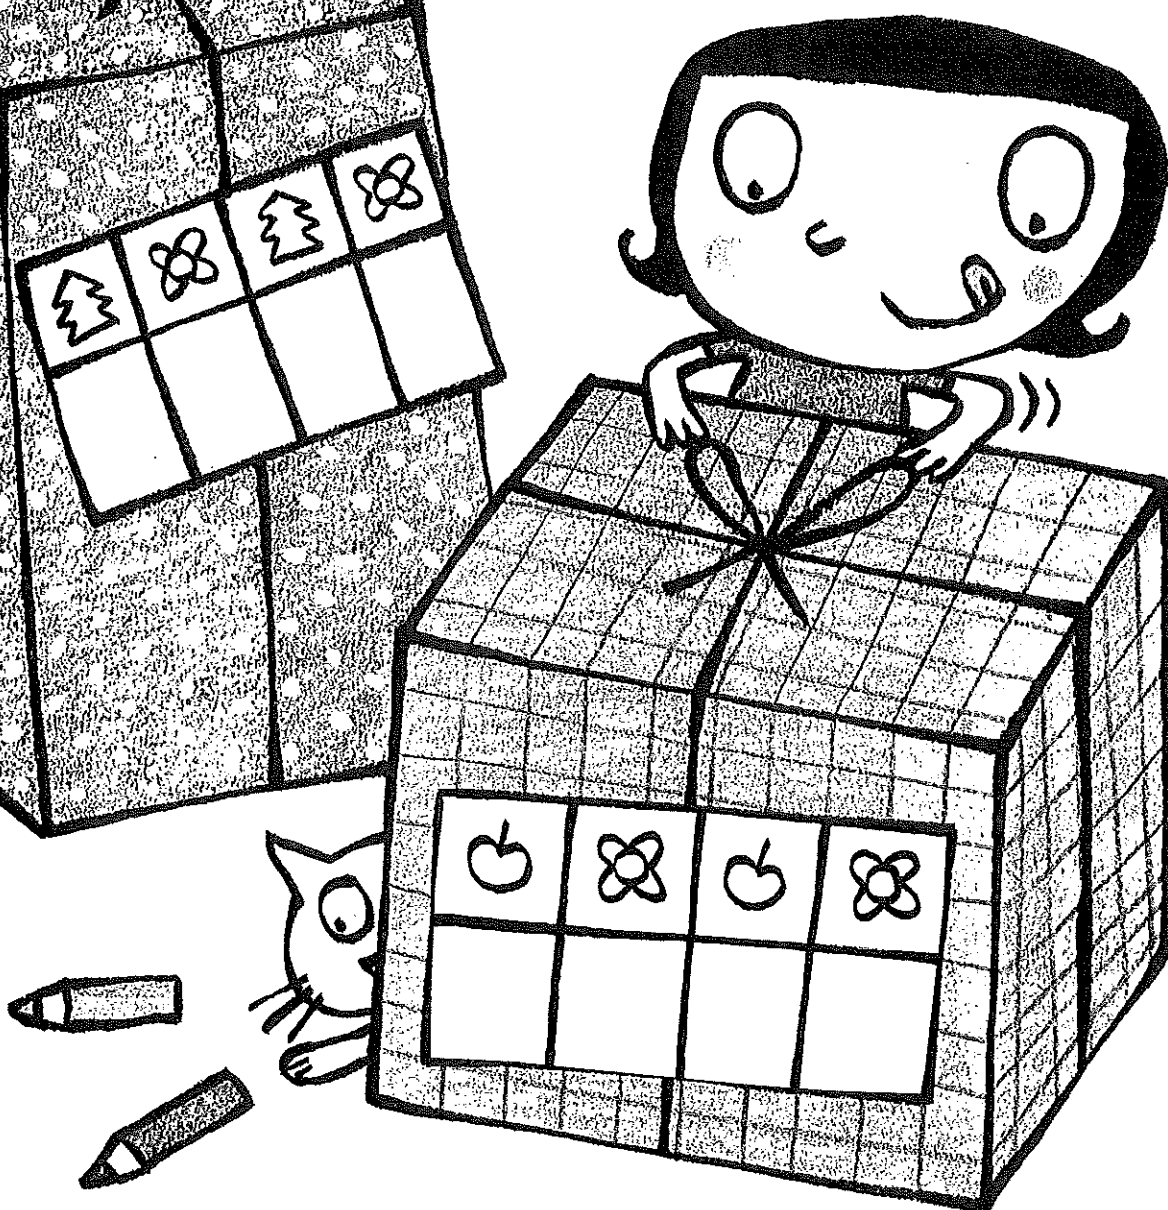

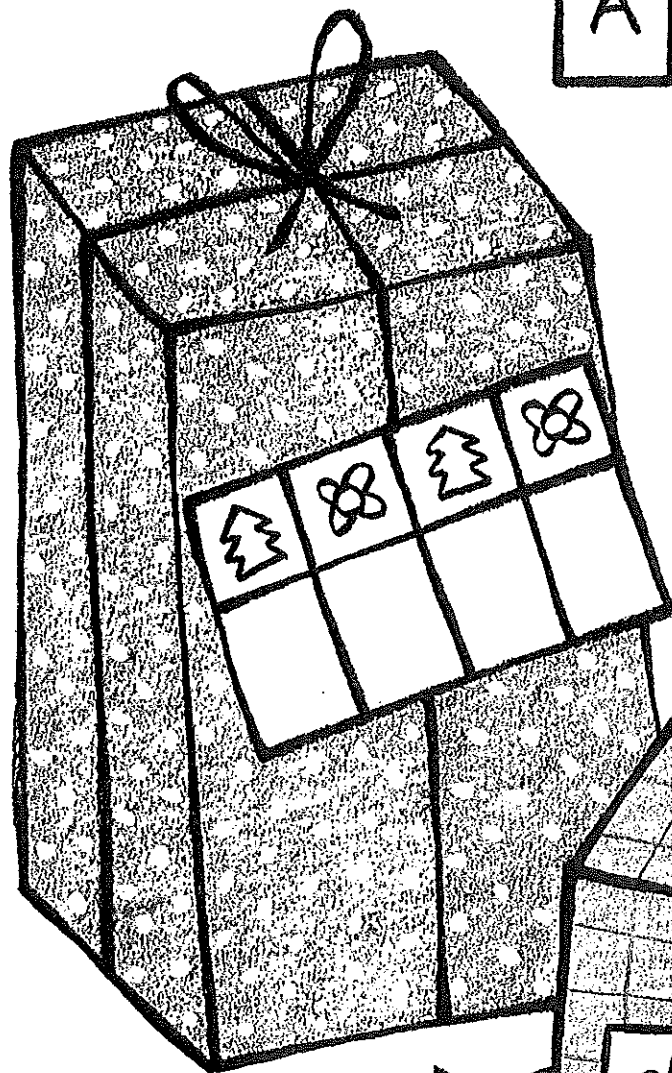

|         |        |
|---------|--------|
| mama    | MAT    |
| AAP     | MENEER |
| KIP     | MAAN   |
| MAP     | HAAN   |
| ARMBAND | mama   |

# Geheime geschenken

Deze cadeautjes zijn voor mama en papa. Maar... welk cadeau is voor mama en welk voor papa? Kijk goed naar de code. Vul onder elke tekening de goede letter in.

|                                                                                   |                                                                                   |                                                                                    |                                                                                     |                                                                                     |                                                                                     |                                                                                     |
|-----------------------------------------------------------------------------------|-----------------------------------------------------------------------------------|------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------|
|  |  |  |  |  |  |  |
| A                                                                                 | N                                                                                 | M                                                                                  | O                                                                                   | E                                                                                   | P                                                                                   | S                                                                                   |

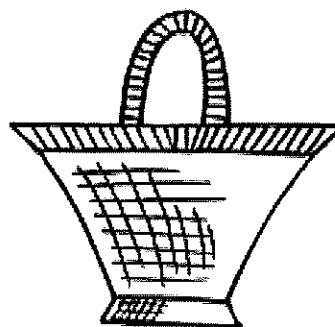

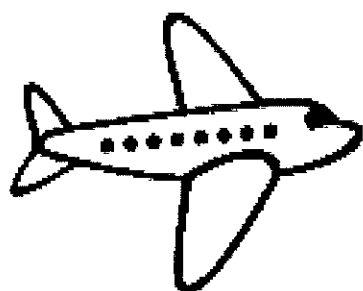

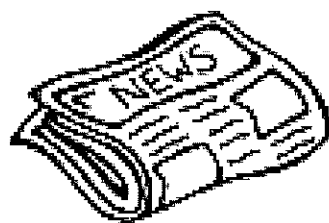

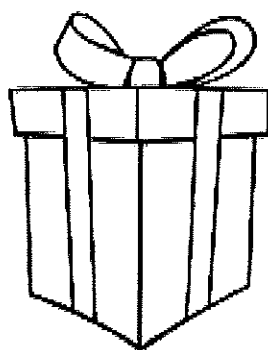

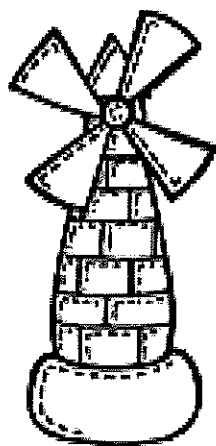

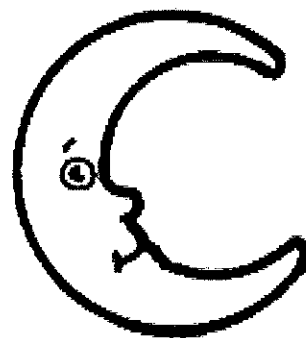

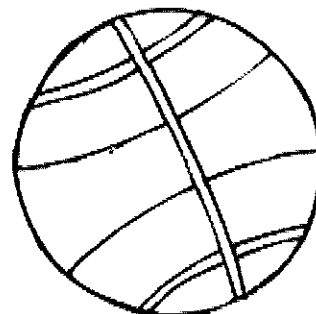

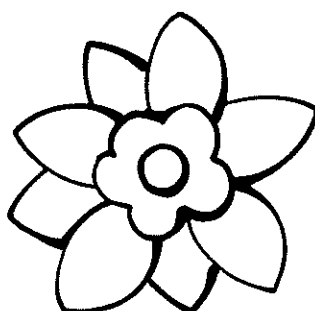

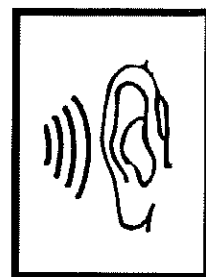

# letter m

Zet een rondje om de letter m

m  
l w k m  
x  
m j m  
u z f w d s  
n y M i o j M e  
m N m c W  
m v m N m  
x b g h  
M n m u h  
a M i u h m

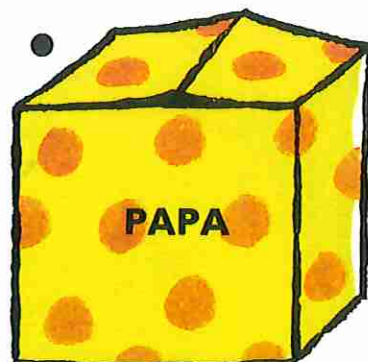

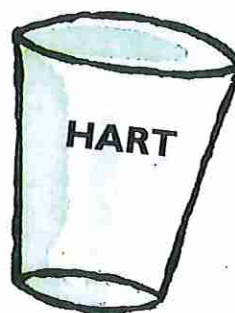

Kleur de tekening als het woord begint met de m van MAMA!

# Voor mama of papa?

Kijk goed naar de cadeautjes. De cadeautjes waar MAMA op staat, verbind je met mama bovenaan. De cadeautjes met PAPA op verbind je met papa bovenaan. De cadeautjes waar HART op staat, zijn voor niemand.

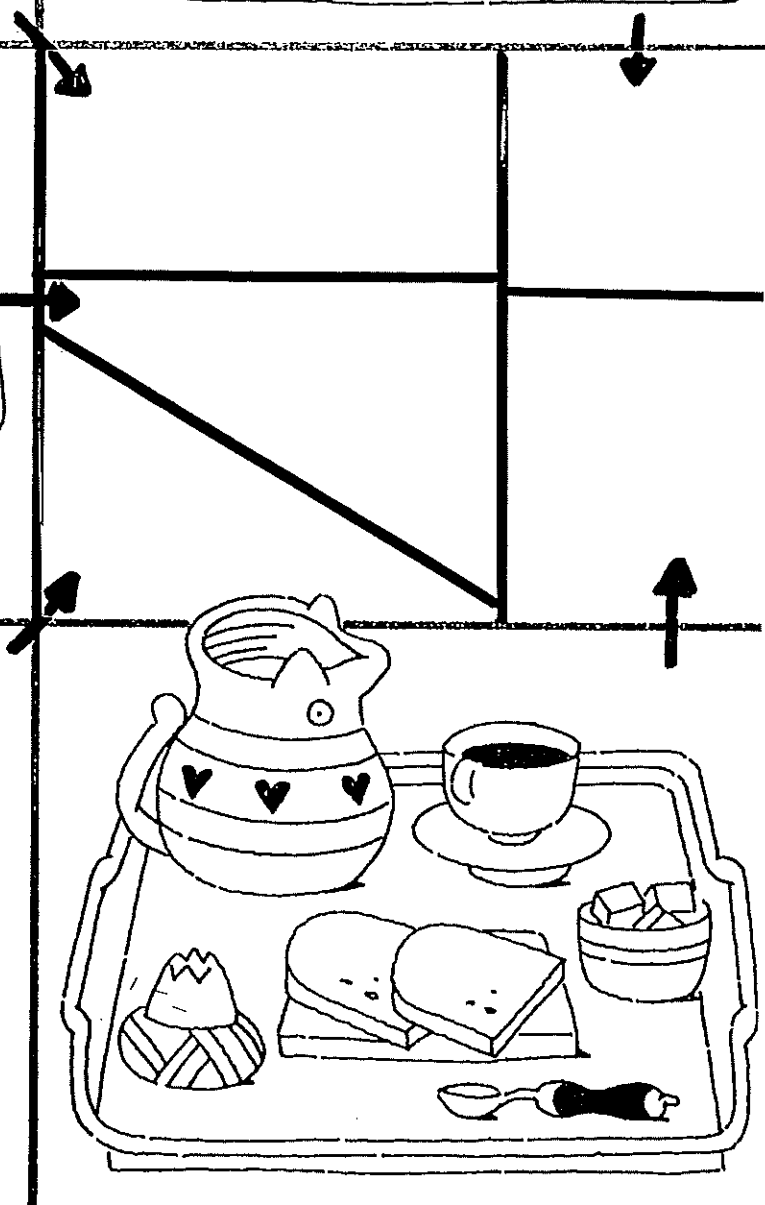

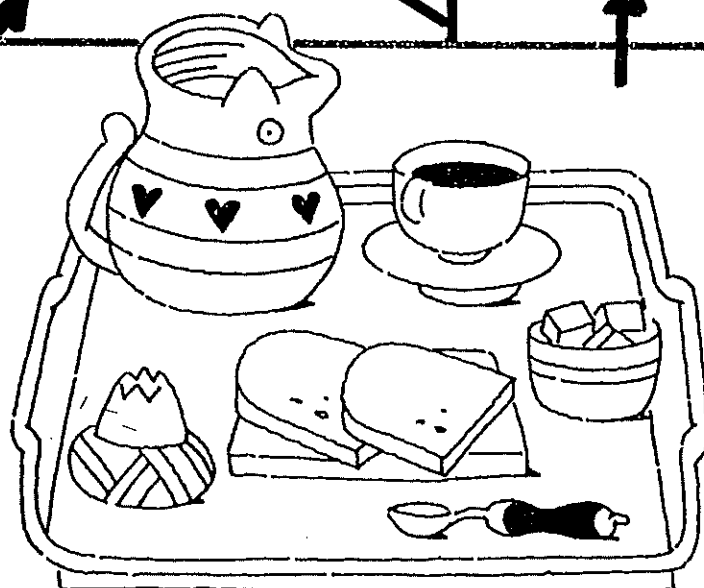

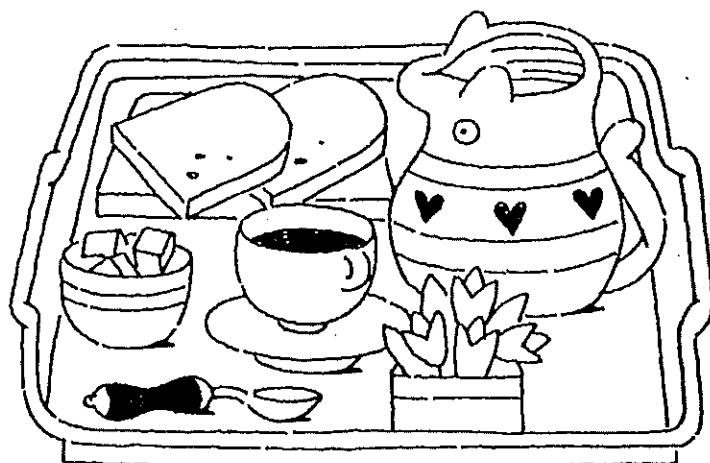

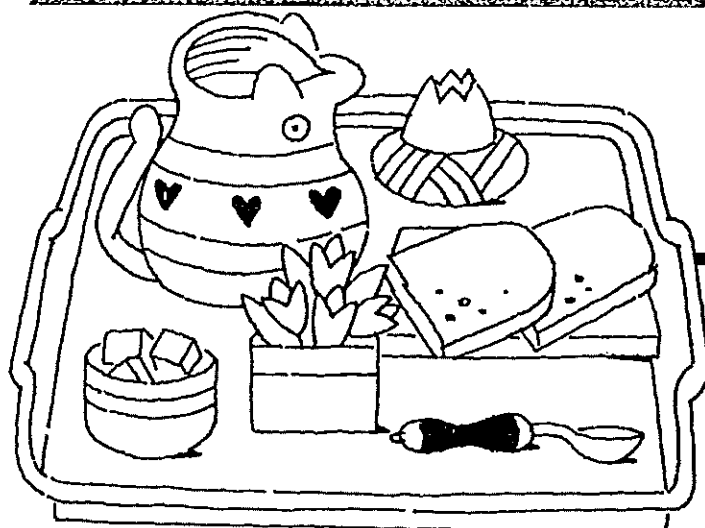

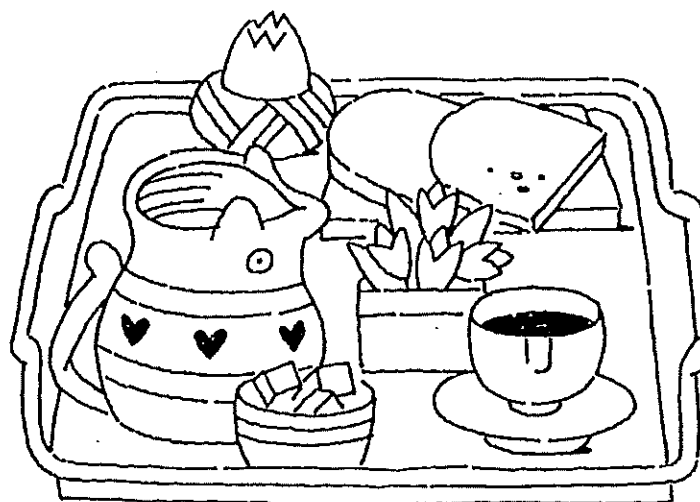

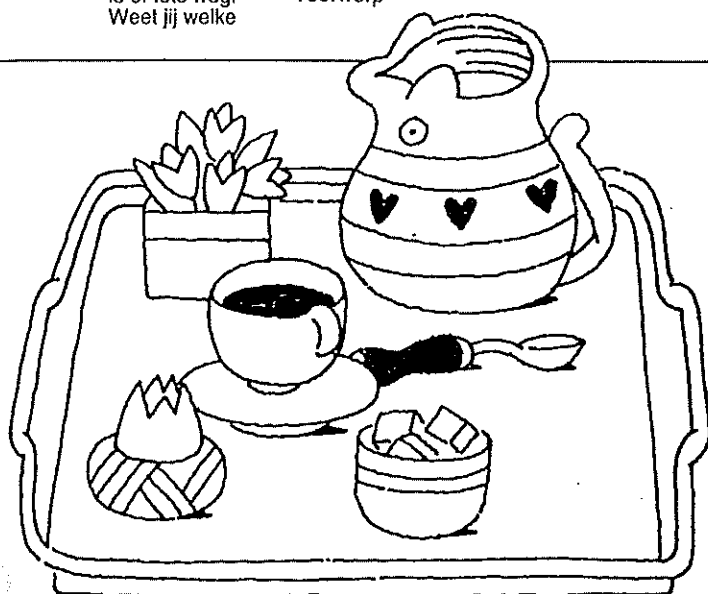

# ONTBIJT OP BED

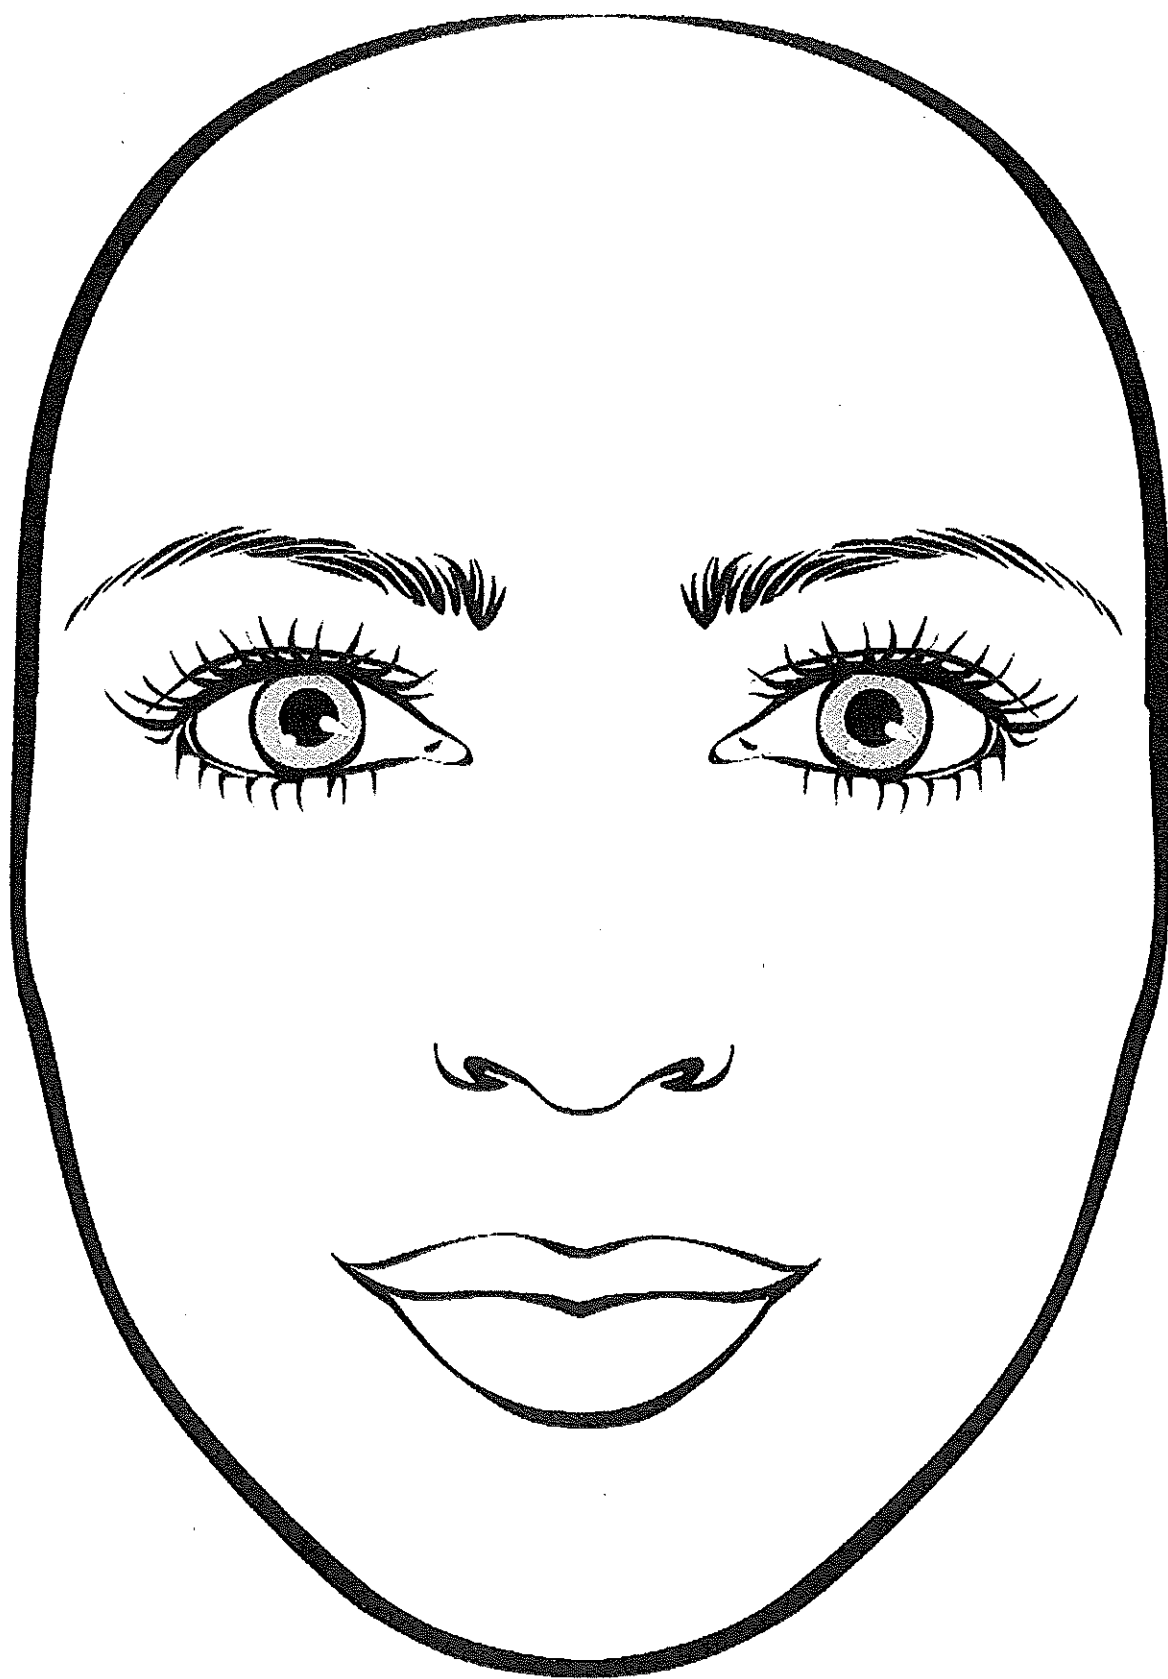

Het dienblad staat klaar. Maar op ieder dienblad is er iets weg. Weet jij welke

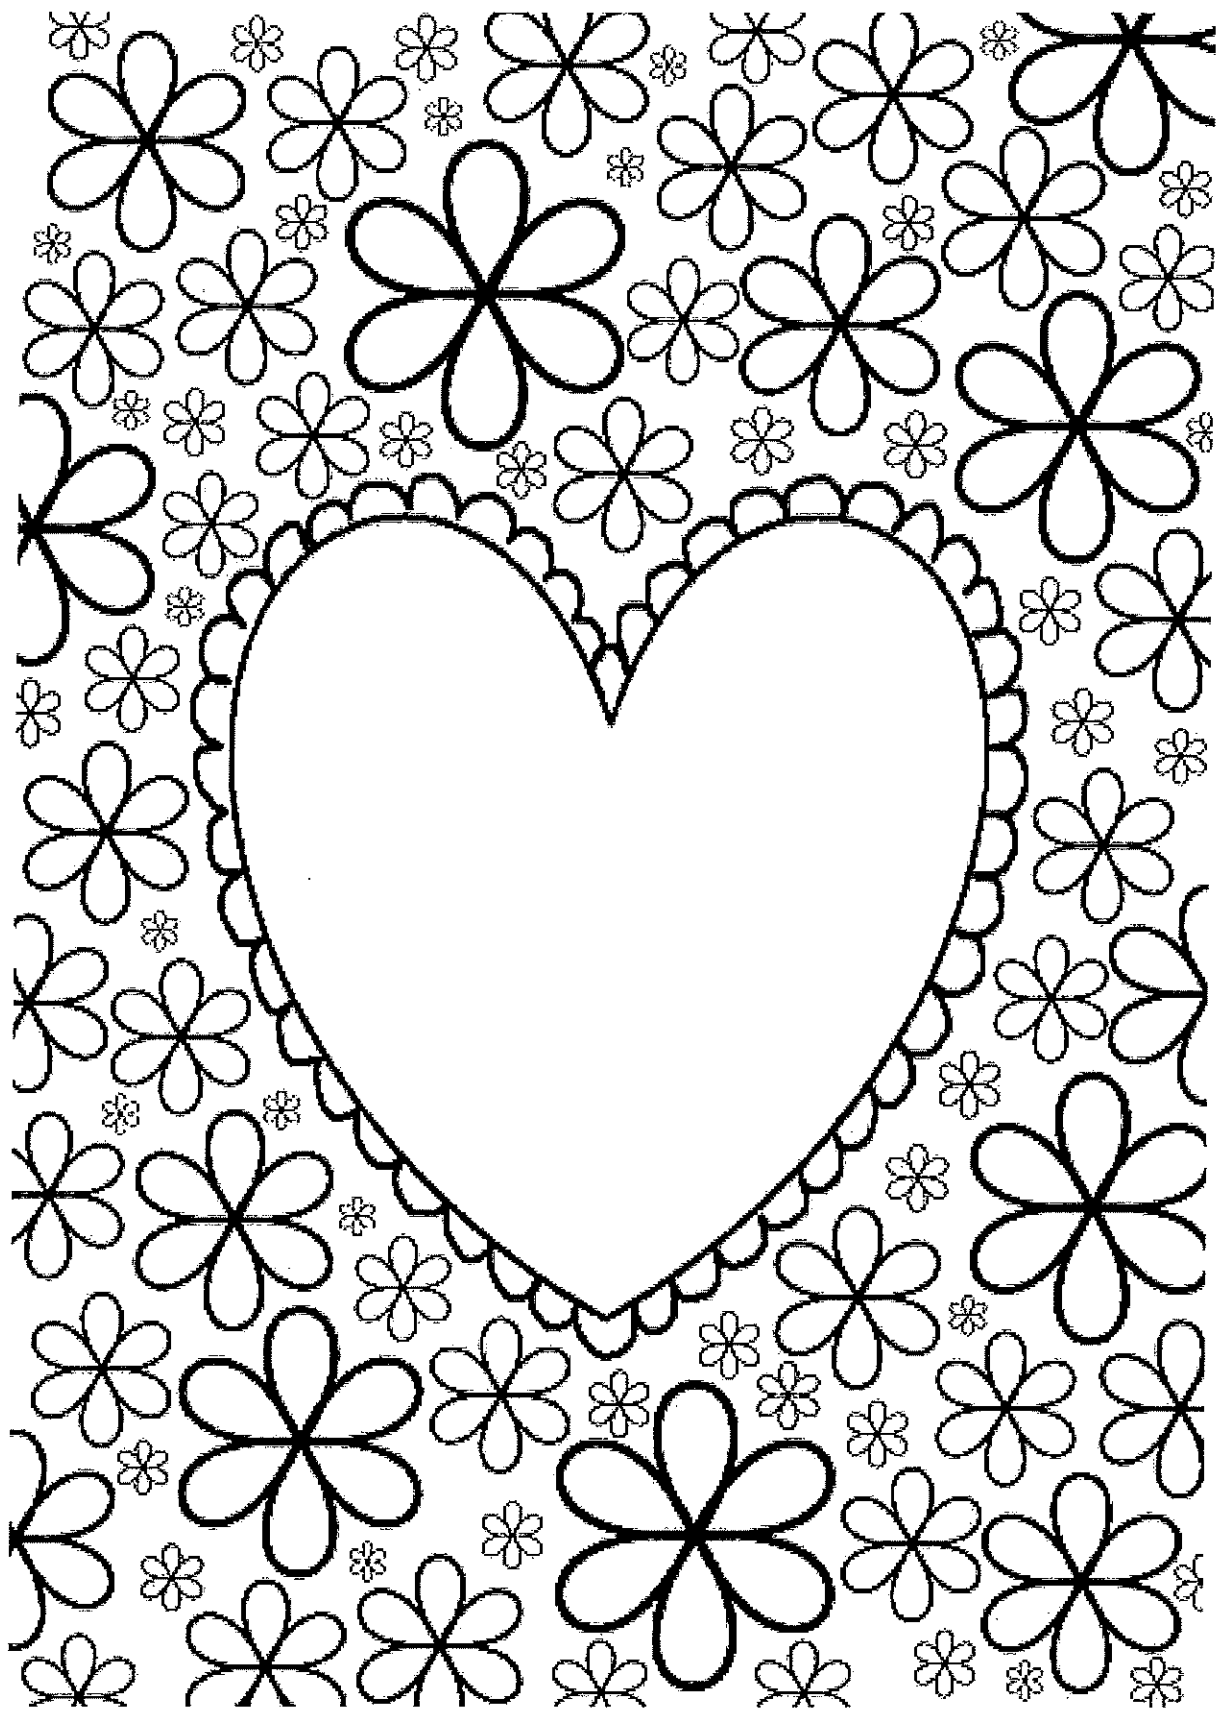

zeven voorwerpen er op het dienblad moeten staan? Weet jij ook welk voorwerp

op ieder dienblad weg is? Als je dezelfde voorwerpen dezelfde kleur

geeft, gaat het gemakkelijker.

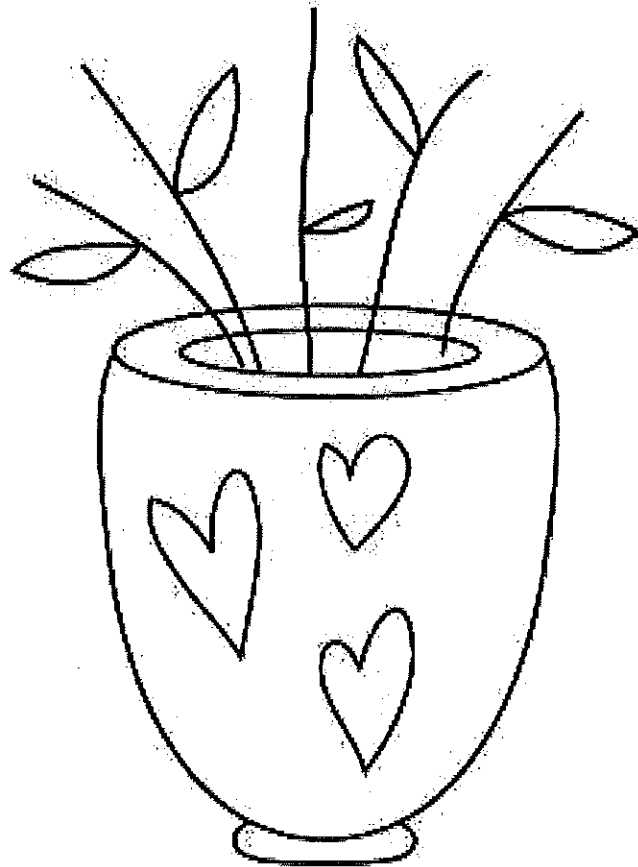

Lieve mama,  
deze bloemen zijn voor jou!

Als iemand tegen je zegt dat je verliefd bent, kun je gaan blozen. Dan word je zo rood als een tomaat, een kers...! Zet met een dikke, rode stift een stip op alle tomaten, rode bessen, aardbeien en kersen in de tekening. Wat zie je dan?
